**total catalog solution for the
promotional industry**

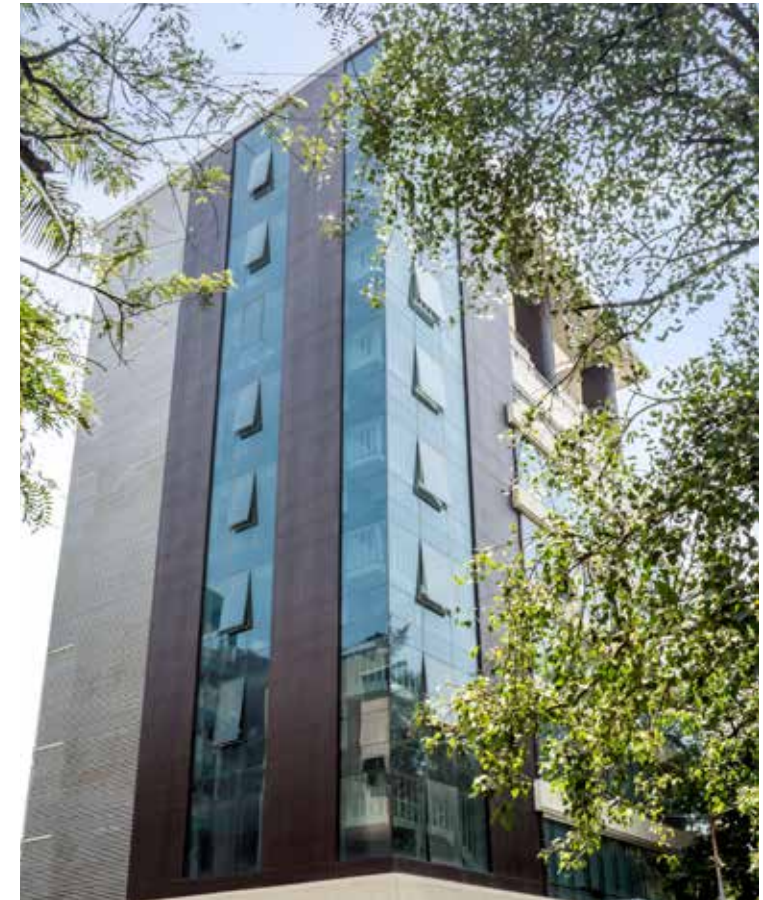

WHO WE ARE

ArtworkServicesUSA is a pioneer in providing expert outsourced services and technology solutions for the promotional industry in the US. Its multinational photography, digital imaging, technology driven catalog production and multi-platform services have helped suppliers and distributors increase their competitive advantage by delivering industry leading affordable business solutions.

We work with global leaders in the promotional industry as well as growing companies to help achieve significant value addition and cost reduction to their catalog production and management operations.

Started in 2001, ArtworkServicesUSA now employs over 650 people providing product photography, related digital imaging services, end-to-end multi platform catalog production to Promotional Suppliers and Distributors, Online Retailers, Jewelers, Photographers, Stock Imageries and Auction Houses.

01 STUDIO

Our photography studios in Los Angeles and Mumbai are designed for a “factory” approach to product photography. We understand the pressures of cost and time our customers operate in. We provide entire product imagery workflow under one roof – product photography and post-processing of images-ensuring conformance to various e-commerce platforms.

Here are some of the reasons why you should try us:

- Well-equipped product photography studio in Los Angeles (USA)
- 5000 sq. ft. studio in Mumbai (India) with a capacity to turn around 200 products each day
- Products can be directly shipped to Mumbai studio from China
- 24-hour turnaround with images ready to be uploaded to your website
- Studio space fully secured with 24x7 security guards, biometric access and CCTV surveillance
